

Introductory Session

JUNE 9, 2007 2:00 PM

Dominium House (residence)

At MISSIONHURST

4675 NORTH 25TH STREET
ARLINGTON, VIRGINIA 22207

Presented by:

Robert Conkling, MD

LECTURE FEE: \$15 (married or engaged pay as one)

The Introductory lecture lasts approximately 1.5 hours. It serves as an introduction to the Creighton Model FertilityCare™ System, the foundation for the emerging science of NAPROTECHNOLOGY. This lecture presents an over-arching perspective to help couples decide whether to proceed with follow-up learning sessions. Ethical decisions regarding family size and conversations about reproductive disorders and the Naprotechnology approach to evaluation and treatment of disorders impairing fertility are covered with each couple individually during follow-up sessions.

Training in Spanish is offered.
